HP EliteBook 2760p Tablet PC

A Twist of This. A Touch of That.

The HP EliteBook 2760p combines the power and reliability of an HP EliteBook with the flexibility of a tablet with pen and touch capabilities.

HP recommends Windows® 7.

Touch it or write it
Get your work done faster and intuitively by using the pen or finger touch. Especially useful for professionals regularly away from a desk, the HP EliteBook 2760p offers you the same functionality as a conventional notebook, plus the flexibility of a writing tablet.

Smart design
The HP EliteBook 2760p offers a 30,73 cm (12.1") diagonal, 16:10 WXGA ultra-wide viewing angle. This PC is designed to meet the tough military standards (MIL-STD 810G)[1] for vibration, dust, humidity, altitude and high temperature so you'll confidently carry this PC. The optional Outdoor View display[2] allows professionals to work in more environments.

Full power
The new Intel architecture features the 2nd generation Intel® Core™ i7[3] and i5[3] dual-core processors[3]. Benefit from incredible performance, responsiveness and enhanced graphics. This PC also comes with a 7200 rpm hard drive with plenty of storage for your data.

Benefit from exciting processor performance features like Intel® Turbo Boost Technology 2.0[4]. Trim IT costs with remote manageability through Intel® Core™ processors with vPro™ Technology[5].

Stay connected and charged
The optional HP EliteBook 2760p Tablet PC expansion base[2] supports DisplayPort so you can easily plug into a larger display. The expansion base also has an eSATA port, allowing you to connect an external RAID array, HDD or optical drive[2].

The HP EliteBook 2760p has multiple battery options for lightweight and extended battery life configurations. Gain an optimized sound system for high-fidelity audio during video-conferencing or multi-media playback with SRS Premium Sound.

Built to simplify
With HP QuickWeb[6] you can tap into fast, convenient and more secure access to the internet, email, contacts and calendar all at the touch of a button — without long boot-up times.

Built to protect
HP ProtectTools is a portfolio of security technologies, that's easy to use, robust and can be centrally managed by businesses of all sizes across HP and non-HP client PCs.

Everybody On

1 MIL-STD-810G testing was not intended to demonstrate fitness for U.S. Department of Defense contracts or for military use. Test results are not a guarantee of future performance under these test conditions

2 Sold separately or as an optional feature

3 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance

4 Intel® Turbo Boost 2.0 technology requires a PC with a processor with Intel Turbo Boost 2.0 capability. Intel Turbo Boost 2.0 performance varies depending on hardware, software and overall system configuration. See www.intel.com/technology/turboboost for more information

5 Some functionality of Intel vPro, such as Intel Active management technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for vPro technologies is dependent on 3rd party software providers. Compatibility with future "virtual appliances", Microsoft Windows Vista and Windows 7 operating systems is yet to be determined

6 HP QuickWeb is accessible when the notebook is off in Windows based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use

Accessories and Services

HP Elite Slim Top Load Case

HP Elite Slim Top Load Case is perfect for the highly mobile professional with an eye for design. Constructed of leather and heavy-duty nylon, this durable case provides ample storage room for all the business necessities, while maintaining its stylish appearance.

Product number: AX680AA

HP 2740 Ultra-slim Expansion Base

The perfect companion for your HP EliteBook 2740p notebook, this innovative solution is so adaptable that you can use it as docking station in the office and take it with you on the go.

Product number: WA995AA

HP 65W Smart Travel AC Adapter

AC power adapters from HP power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road. The HP 65W Slim Travel Adapter is perfect for international travelers or "road warriors" who are always on the go. The adapter is 40% thinner than the standard 65W adapter and includes a convenient USB port for charging other accessories while you work. Four international adapter plugs help make sure your Slim Travel Adapter works wherever you do. A stylish protective carrying case keeps everything together.

Product number: AU155AA

HP 2700 Series 6-cell Li-Ion Ultra-slim Battery

Always on the move? This extended battery option provides all the power you need to keep your notebook running for up to 10 hours.

Product number: RX932AA

HP Mobile USB DVD/RW Drive

The HP Mobile DVD RW provides an external companion optical drive to accompany a laptop or mini that does not have an internal drive. The external drive provides CD/DVD support as well as Read/Write and LightScribe functionality. It connects to the computer through the USB 2.0 port, and an AC adapter is included.

Product number: BU516AA

3-year Next Business Day Onsite

Care Pack

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely

Product number: U4414E
